This list is intended to give an overall idea of how we charge for various courses but we will be happy to tailor a course that suits your needs.

We will be flexible in the course dates to suit your needs so that it can be in consecutive days, or spread over a longer period if you prefer.

*Unlike some other companies that offer intensive courses, Alpha1 offers only 'one to one' tuition.*

*You will not pay for training time in a car when someone else is being trained...*

Please feel free to call and discuss your requirements..
